

## CD<sub>1</sub>、MD<sub>1</sub> electric wire rope hoist

### Characteristic

- 1.CD<sub>1</sub>/MD<sub>1</sub> type electric hoist, have a compact structure, light weight, small volume, convenient operation, reliable quality, widely used, etc.
- 2.It can be used alone, also can as a complete set install in the electric single-girder, double beam, cantilever, gantry crane, etc.
- 3.When required fast speed and low speed, it should choose MD<sub>1</sub> electric hoist type with double lifting speed.

### Technical Specification

Type	CD <sub>1</sub> (MD <sub>1</sub> )							
Capacity (t)	0.25	0.5	1	2	3	5	10	16
Lifting Height (m)	3~9	6~12	6~30	6~30	6~30	6~30	9~30	9~30
Lifting Speed (m/min)	8 (0.8/8)						7(0.7/7)	3.5(0.35/3.5)
Travel Speed (m/min)	20	20/30						18
Rail	10-20b	16-28b		20a-32c		25a-50b	32b-50b	32b-63c
Work Duty	M4							

Power

3PH AC 380V 50Hz
